

2 Bedroom Apartment in City Center, Nicosia

Konstantinou Palaiologou 20e, Nicosia 1010, Cyprus

For Sale : **€ 830,000**

Description
The project is going to be a unique and elegantly designed Residential Club in the upmarket centre of Nicosia, consisting of one soaring 21 residential storey tower of impressive architectural design and construction based on the most stringent European standards and advanced engineering, with breathtaking views to the new Central Park and to the whole of the capital Nicosia.

The project will be highly developed offering everything you can imagine to make life a luxurious experience.

Five star facilities including Hydro massage with an indoor heated pool, a spectacular spa including a classic Roman bath, a contemporary designed gym, front desk officer, an advanced property management handling all matters of maintenance, security and services and a range of other exclusive facilities and offerings that make an ideal combination of comfort efficiency and design.

A fully computerized, multilevel automated valet parking system by KLAUS multiparking is a first in Cyprus. This integrated self-parking and security system takes all the time and hassle out of maneuvering into or out of underground parking spaces – all with a swipe of your personal parking card. Faster, safer and greener than conventional underground parking, the automated valet parking feature perfectly matches the unique concept of the project.

Available one more 2-bedroom apartment.
