

2 Bedroom Penthouse in Makenzy, Larnaca

For Sale : **€ 570,000**

Description
2-Bedroom Penthouse

Apartments & Living Spaces
This upcoming 2-bedroom, 3-bathroom penthouse occupies the top (fifth) floor of the building and is designed to reflect a modern coastal lifestyle, where comfort, light, and functionality come together in a refined way. The residence offers 80 m² of internal covered living space and is thoughtfully planned to create a natural flow between rooms, ensuring that every space feels open, practical, and inviting.

The main living area is designed as a bright and central space, combining the kitchen, dining, and lounge into one harmonious environment. Large sliding doors allow natural light to flood the interior while also creating a seamless connection to the balcony, extending the living space outdoors. The residence also benefits from a 28 m² covered balcony, a 43 m² uncovered balcony, and an exclusive 82 m² private roof garden, with provision for a jacuzzi and panoramic views — ideal for outdoor dining, relaxation, and entertaining.

Bedrooms
The two bedrooms are designed as calm and private retreats, offering a peaceful atmosphere away from the main living areas. Each room is well-proportioned, allowing for comfortable furnishing with wardrobes, bedside tables, and additional elements such as a desk or dressing area.

Large windows enhance both natural light and ventilation, creating a fresh and airy environment throughout the day. The design focuses on simplicity and elegance, using high-quality materials and neutral tones to create a relaxing and timeless feel.

The master bedroom offers a more spacious layout, often with additional storage solutions and a more refined sense of privacy, making it an ideal space for rest and comfort. The unit is served by 3 bathrooms in total, providing added convenience and comfort — several of them en-suite for maximum privacy.

Overall Feel
Every room is designed with attention to detail, ensuring a balance between style and practicality. The combination of natural light, modern finishes, and well-planned layouts creates living spaces that feel both comfortable and sophisticated — perfectly suited for everyday living in a premium coastal location.

In total, the unit measures 233 m² across its internal and external areas. The property is rated Energy Efficiency Grade A and benefits from photovoltaic panels installed on the building, significantly reducing electricity costs through net metering. Includes one private covered parking space and a dedicated storage unit.
