

4 Bedroom Villa in Agia Triada, Famagusta

For Sale : **€ 1,550,000**

Description
A front-line detached villa in Agia Triada, set in a quiet cul-de-sac with uninterrupted panoramic sea views across the Mediterranean.

The house is arranged over three levels. The ground floor is open plan, with living, dining and kitchen areas running together behind wall-to-wall glazing that opens onto a decked terrace and an infinity pool, so the sea stays in view from almost anywhere on the level. The first floor holds three en-suite bedrooms, the master among them with its own dressing area and a bathtub positioned to face the water. A basement level is fitted out as a further bedroom with its own kitchen facilities and storage, giving a fifth sleeping space that works equally well as a self-contained guest or staff suite.

Built in 2014 on a 520 m2 plot with 191 m2 of covered area, the villa is fully furnished and ready to move into, with air conditioning and electronic shutters throughout.

Agia Triada sits on the eastern coast between Kapparis and Protaras, an established and quiet residential stretch of the Famagusta district within easy reach of the beaches and resorts of the east coast.
